5. Reporting, Roles and Responsibilities

A. Dover Air Force Base - Family Advocacy Program

1. Per Air Force Instruction 40-301, Family Advocacy, all Active duty AF members and civilian employees (including contract employees) will report all incidents of known or suspected family maltreatment immediately to the FAP. A concurrent report to DFS pursuant to 16 Del.C. §903 must also be made.
2. Who is required to report - 16 Del.C. §903 requires “Any person, agency, organization or entity who knows or in good faith suspects child abuse or neglect shall make a report in accordance with § 904 of this title. For purposes of this section, "person" shall include, but shall not be limited to, any physician, any other person in the healing arts including any person licensed to render services in medicine, osteopathy or dentistry, any intern, resident, nurse, school employee, social worker, psychologist, medical examiner, hospital, health care institution, the Medical Society of Delaware or law-enforcement agency. In addition to and not in lieu of reporting to the Division of Family Services, any such person may also give oral or written notification of said knowledge or suspicion to any police officer who is in the presence of such person for the purpose of rendering assistance to the child in question or investigating the cause of the child's injuries or condition.”
3. Where to report - All child abuse and neglect reports in the State of Delaware must be made to the Division of Family Services. The 24/7 toll-free Child Abuse and Neglect Report Line number is 1-800-292-9582. It is a national and statewide number. Calls are digitally recorded for monthly random quality assurance reviews.
4. Liability for reporting - Per DE Code §908(a), “Anyone participating in good faith in the making of a report or notifying police officers pursuant to this chapter, performing a medical examination without the consent of those responsible for the care, custody and control of a child pursuant to § 906(b)(5) of this title, or exercising emergency protective custody in compliance with § 907 of this title, shall have immunity from any liability, civil or criminal, that might otherwise exist, and such immunity shall extend to participation in any judicial proceeding resulting from the above actions taken in good faith. This section shall not limit the liability of any health care provider for personal injury claims due to medical negligence that occurs as a result of any examination performed pursuant to § 906(b)(3) of this title.”
5. Failure to report - per DE Code §914, “Whoever violates § 903 of this title shall be liable for a civil penalty not to exceed \$10,000 for the first violation, and not to exceed \$50,000 for any subsequent violation. In any action brought under this section, if the court finds a violation, the court may award costs and attorneys' fees.”

Both the individual and the entity employing the individual may be held responsible. DFS is required to refer all failures to report to the Delaware Department of Justice for investigation. Physicians that do not report will also be reported to the Medical Society of Delaware.

6. Making the report:

- a. When possible the individual who spoke to or observed the child directly or who has the most knowledge about the suspected abuse or neglect should make the oral report as the primary reporter. However, each individual within an entity or organization who is aware of the alleged abuse or neglect should be identified by name and contact information as an additional report source.
- b. A report to DFS must be made each time abuse or neglect is suspected regardless of current law enforcement or DFS activity with the family.
- c. Within 72 hours of making the oral report the FAP will fax the Family Advocacy Program Referral Form to the Report Line (302)577-5515.

B. Division of Family Services

1. Responsibility to receive reports: Upon receipt of a report, DFS will do one of three things: (1) accept the report and investigate the allegations, (2) document the report and refer the report to law enforcement or other appropriate authority for investigation, or (3) document the report, but not accept for investigation when it does not meet DFS investigation criteria. All reports are reviewed by a Supervisor prior to disposition.
2. DFS will notify the FAP of the decision to accept, refer or screen out a report by phone or e-mail within 24 hours.
3. DFS policy dictates that the source of the report will not be divulged without the consent of the reporter. In the event of Court proceedings, the disclosure of the reporting source may become necessary if ordered by the Court. In addition, CAPTA requires DFS to cooperate with other entities that are investigating child abuse and neglect.
4. When DFS serves as the initial point of contact for a child maltreatment report involving a military interest and the report is designated as an urgent response (within 24 hours), DFS will notify the FAO or designee prior to response.
5. When DFS serves as the initial point of contact for a child maltreatment report involving a military interest and the report is designated as a routine response (within ten calendar days) or the report is screened out for DFS response, DFS will notify the FAO or designee before the close of business the day the report is received.

6. Case Management Responsibilities:

A. Dover Air Force Base - Family Advocacy Program

1. The FAO or Treatment Manager will serve as the point of contact for DFS during an investigation of suspected child abuse and neglect involving a military interest.
2. FAP will coordinate with DFS regarding a structured interview for the alleged child victim when a report is assigned as an urgent response by DFS.
3. When a report is assigned a routine response (non-urgent) by DFS, and DFS is unable to respond within 72 hours, FAP will conduct a structured child interview. FAP will contact DFS as soon as possible after the interview when a child safety issue is identified. When a child safety issue does not present during the structured child interview, FAP will provide details about the child interview to DFS within ten calendar days.
4. FAP will invite DFS to attend the High Risk for Violence Response Team meeting when pertinent to an open DFS case. The meeting will not be deferred when DFS is unable to participate.
5. The FAO or Treatment Manager and DFS Investigation caseworker will communicate verbally or meet as needed to insure all safety aspects of a case are addressed.
6. When it is necessary for DFS to begin an investigation at DAFB (e.g., Institutional Abuse, child/family interview), the FAP will facilitate access to the DAFB and arrange a place for interviews to take place.
7. When the DFS caseworker's name is not known and the FAP wants to share information, the FAP should contact the Report Line (1-800-292-9582) to leave contact information and request that the assigned caseworker contact them. When the FAP knows the DFS caseworker's name, the caseworker should be contacted directly to share information.

B. Division of Family Services

1. Per 16 DE Code §906(3), the Division may investigate any report, but shall conduct an investigation involving all reports, which if true, would constitute violations against a child by a person responsible for the care, custody and control of the child of any of the following provisions of 11 DE Code § 603, 604, 611, 612, 613, 621, 625, 626, 631, 632, 633, 634, 635, 636, 645, 763, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 780, 782, 783, 783A, 791, 1100, 1101, 1102, 1107, 1108, 1109, 1110, 1111, or 1259 of Title 11, or an attempt to commit any such crimes. The Division staff shall also contact the Delaware Department of Justice and the appropriate law-enforcement agency upon receipt of any report under this section and shall provide such agency with a detailed description of the report received. The appropriate law

enforcement agency shall assist the Division in the investigation or provide the Division, within a reasonable time, an explanation detailing the reasons why it is unable to assist. (See Appendix B - List of Violations)

2. A multidisciplinary approach is optimal to reduce trauma to the alleged child victim. Whenever possible, all investigatory interviews will include FAP presence or participation. DFS and FAP will discuss in advance who will be the lead interviewer.
3. Whenever appropriate, cases will also be referred to the Children's Advocacy Center (CAC) for a forensic interview, medical exam and/or mental health screening.
4. Per 29 DE Code §8735 requires that a person reported to DFS for child abuse and neglect, and who is also licensed by one of the 34 boards listed in that section of the Code, shall be reported to the Division of Professional Regulation (DPR).
5. DFS agrees to provide a representative to attend the monthly Clinical Case Staffing (CCS) with the FAP when requested.
6. DFS will not close an active case involving a military interest without first informing the FAP.

Once the "Release of Information" has been signed, information shall be exchanged for the purposes of referral, treatment and intervention planning and coordination efforts.
2. A "Release of Information" form will not be required in circumstances where the private information is needed to carry out a civil and/or criminal investigation.

2. A victim (or victim's legal guardian) must sign a "Consent to Release of Information" form prior to the exchange of any information with DAFB regarding that victim. Once the "Consent to Release of Information" form has been signed, information shall be exchanged for purposes of referral, intervention planning and coordination efforts, safety assessment, and treatment.
3. The original signed "Consent to Release Information" form shall be kept in the DFS case file and a copy will be faxed to the FAP at (302) 677-4878.

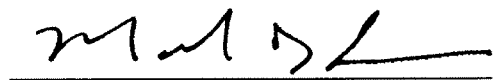

8. Dispute Resolution

Effective execution of this agreement can only be achieved through continuing communication and dialogue between the parties.
